## The Tom Coughlin Jay Fund Foundation

Created in honor of Jay McGillis, this organization is a living testament to this very special young man who played football for Coach Coughlin at Boston College and developed leukemia while a member of the team. The courage, compassion and faith he demonstrated during the course of his illness were an inspiration to many people.

Founded in 1996 by Coughlin, the mission of the Tom Coughlin Jay Fund Foundation is to assist children with leukemia and other cancers and their families by providing emotional and financial support to help reduce the stress associated with treatment and improve their quality of life.

The help we are able to provide with your support allows families to focus on what matters most, the health of their child.
